### DETAILED ACTION

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 8 and 9 are rejected under 35 U.S.C. 102(b) as being anticipated by Jagiel.

Jagiel discloses the claimed invention, including a trim tab **10** which is positioned directly in response to outboard motor trim position. Re claim 9, the means **24** senses trim position, and element **36** or **12** positions the tab in response thereto.

3. Claims 1-7 and 10 are allowed.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Ehni was cited during prosecution of the parent application.
